

## ON TAP

### ONGOING BEERS

	POT	SCHOONER	PINT
<b>Sunset</b> 4.6%	6	9	12
A distinct combination of malts provide a round, rich, toffee note and colour for this amber ale, which is bolstered by hops showing grapefruit and tropical notes			
<b>India Pale Ale</b> 5.8%	7	10	14
Bold, fresh and fiercely fruity, our IPA has notes of passionfruit and mango and a lean malt body, with Aussie and US hops adding power to every mouthful			
<b>Taco</b> 5%	7	10	14
A hazy beer brewed using ale malts, wheat and flaked corn. US hops drive citrus and fruity characters, which compliment the additions of coriander leaf and fresh lime peel			
<b>Pale</b> 5.0%	6	9	12
Brewed with flaked and golden naked oats to give a smooth, silky mouthfeel, and US and Australian hops lend pine, pineapple and passionfruit notes			
<b>Trail Blazer</b> 4.5%	6	9	12
This lager is crisp, fresh and brewed with only the best Australian malt and hops			
<b>Passion Victim</b> 5.0%	6	9	12
A Summer Ale that pours pale and hazy, we have used US and Australian hops and a touch of passionfruit to drive tropical fruit notes

# ENJOYING YOUR BREWERY FRESH BEER?

Here at *The Nest*, we offer a few types of takeaway beer.

Our bottled and canned beers (that you can find in bottleshops around Australia) are all available right here from our takeaway fridge.

We also fill fresh keg beer into Growlers (1.89L) & Squealers (1L) for you to take home and enjoy!

## WHAT IS A GROWLER OR A SQUEALER?

We didn't make these names up. They're just fancy names that our brewery friends in the US gave to this type of take home format.

All of our beers that you see on tap can be taken away in a Growler or Squealer, here's how...

## COUNTER PRESSURE FILL

*Limited beer available - see chalkboard for what's on this week.*

Our counter pressure filler is just like our bottling line - the vessel is purged with carbon dioxide, decreasing the risk of oxidation. It is filled under back pressure, meaning that the carbonation level is maintained.

*This option is good for longer term consumption - 1 week best before date.*

## OFF TAP FILL

*Choose from all 12 taps.*

Filled straight from the tap, this means it's filled in the presence of air. Air can lead to oxidation and a decrease in carbonation.

*Making this option perfect for short term consumption - 1 day best before date.*

## WILL WE FILL OTHER BRANDED GROWLERS OR SQUEALERS?

Yes! However, there's a few boxes that must be ticked in order for us to do this...

- Your personal vessel must be clearly marked with a fill line to either **1.89L** or **1L**.
- Your vessel must be clean and dry.

We will happily fill your personal vessel, subject to our inspection, to ensure the beer you are taking home will be enjoyed at its best.

## SWAP & GO

We have pre-filled Growlers & Squealers ready to go in our takeaway fridge. Simply return your TWO BIRDS vessel and just pay for the new fill.

## NEW to GROWLERS & SQUEALERS?

Simply purchase a new Two Birds branded Growler or Squealer, fill it up and then bring it back on your next visit for a refill. Refill. Reuse. Recycle

Empty Growlers **\$15**

Empty Squealers **\$10**
